A TRUCK SHOULD PROTECT YOUR BUSINESS

Our accessories are specially designed to ensure driver safety and to protect loads.
ANTI-THEFT SECURITY

Mechanical diesel anti-theft device with float
- Ref. 74 85 134 021
- Anti-theft fuel siphoning device, integral anti-backflow system, with float to protect every drop of fuel, even a full tank.
- Diameter: 79 mm.
- Note: The float is designed to float to the surface once the nozzle is removed. It is not possible to re-insert the nozzle in the tank.

Mechanical diesel anti-theft device without float
- Ref. 74 22 059 574
- Anti-theft fuel siphoning device with built-in anti-backflow system.
- Diameter: 68.5 mm.
- System protection: 74 22 416 929

Doorlock mechanical anti-intrusion device
- Ref. 74 04 074 457
- Kit contains: Mechanical locking system to be fitted on the cab door (right and left-hand sides) and stickers to be positioned on the door windows.
- Mechanical security system to supplement the remote door locking system. Resists attempted break-ins.

Safe with mounting kit
- Ref. 74 25 980 634
- Motorised automatic locking system (battery operation: 10,000 locking/opening cycles), 4-figure electronic combination (modifiable), and 5-minute memory function. Battery low indicator. Laser cut door, minimal space between the door and the frame. Door lock between two steel pivot pins. Horizontal or vertical installation. Robust internal locks and hinges with no plastic components. EC compliant. Anthracite-grey.
- Capacity: 8.3 litres. Weight: 6.5 kg.
- Dimensions (L x W x H in mm): 280 x 235 x 165.
- Steel plate wall thickness:
  - Door: 1.5 mm.
  - Compartments: 1.5 mm.

SAFETY SYSTEMS

Gas detector
- Ref. 74 85 154 442
- Electronic unit for gas detector:
  - Fixed inside the cab to prevent a gas attack,
  - Audible or visual warning in the event of an attack,
  - Detects all current asphyxiating gases,
  - Contains a 10 A integral connection relay, 12/24 V power supply,
  - Automatic adjustment of ambient air sensors,
  - Not affected by temperature variations,
  - Self-cleaning equipment,
  - Can be deactivated if necessary.

Horn
- Ref. 50 10 525 423
- Chrome plated steel roof horn.
- Dimensions (L x H in mm): 610 x 150.
- Weight: 1.2 kg.
- Powerful horn that improves vehicle design.
- To be ordered with:
  - Console: 74 82 364 505
  - 24 V solenoid valve: 74 21 472 978

Alcohol Interlock device
- Ref. 74 22 369 799
- Measures the driver’s breath alcohol concentration and prevents the vehicle from starting if the driver is over a predetermined limit.
- Moderate and continuous breath for 5 seconds. Analysis time: 5 to 25 seconds. Its robust construction guarantees a reliable reading in all environments.
- Dimensions (L x D x H in mm): 150 x 48 x 50.
- Weight: 220 g.
- LCD Graphic Display. Memory: 100,000 tests. 12 or 24 V DC.

Electronic control unit for driving assistance system
- Ref. 74 22 364 866
- Electronic unit required for engine immobiliser breathalyser devices and the lane departure warning system. These are not fitted as standard.
VISIBILITY

Revolving roof lights

Light strip with two rotating beacons 74 21 650 709
Consists of two orange revolving lights. Customisable.
Dimensions: Support length: 1400 mm.
Light bar length: 1250 mm.
24V / 12 A.
For Renault Trucks T, except High Sleeper cab.

Light strip with four rotating beacons 74 21 823 554
Consists of 4 orange revolving lights. Customisable.
Dimensions: Support length: 1400 mm.
Light bar length: 1250 mm.
24V / 18 A.
For Renault Trucks T, except High Sleeper cab.

Revolving roof lights 74 21 650 707
Two orange flashing beacons 24 V, rotating light (sold with the required mounting material).
For Renault Trucks T, except High Sleeper cab.

Work site bar fitted with triangle and rotating beacons 74 21 650 717
Complete pre-wired kit, pre-equipped on the vehicle. Contains 1 bar (140 cm) supporting 2 x 12 V rotating beacons and 1 foldable triangle. Dual use: standard, with two rotating beacons; work site with foldable triangle. 24 V.
For Renault Trucks T, except High Sleeper cab.

Work lights

White LED work light 74 85 136 995
Lighting strip with 16 white LEDs. Power consumption: 43 watts. Power supply 9 to 33 V. Brightness: 3000 lm. Supplied with cable and fixings. Attached to the upper part of the back of the cab. Lights up the rear section of the cab. Makes maintenance and handling operations easier. Note: Check local regulations for the choice of colours for the lights.

White work light 74 21 650 853
Attached to the upper part of the back of the cab. Lights up the rear section of the cab. Facilitates maintenance and handling operations. Dimensions: 104 x 94 mm. Supplied with cable and fixings. Note: Check local regulations for the choice of colours for the lights.

Orange work light 74 21 952 367
Attached to the upper part of the back of the cab. Lights up the rear section of the cab. Makes maintenance and handling operations easier. Note: Check local regulations for the choice of colours for the lights.

FIRE SAFETY

Extinguishers

Extinguisher 2 kg 74 82 144 576

Extinguisher 3 kg 74 82 144 585

Extinguisher 6 kg 50 10 404 152

GLAZING

Double glazing

Left side double glazing 74 82 396 702

Right side double glazing 74 82 396 705

Side windows, thickness 4 mm. Unbreakable laminated glass. Provides better protection against theft and break-ins and also better sound and heat insulation for the vehicle.
A TRUCK SHOULD MAKE YOUR DRIVERS PROUD

Vehicle comfort and customisation make your drivers proud to do their job. Choose from our wide range of accessories to create your own work area.
**CAB LAYOUT**

**Kettle**
- Type: 24 V kettle [74 85 134 400]
- Robust relay technology, automatic cut off when boiled or if there's no water in the kettle. Power on indicator.
- Colour: Black/silver
- Capacity: 0.75 L
- Power supply: 24 V
- Power consumption: 380 watts
- Dimensions (L x D x H in mm): 190 x 125 x 205
- Weight: 750 g
- Complete with fixing kit for wall/horizontal installation. Approval rating E (EMC directives).

**Ice cooler**
- Type: 24 L electric ice cooler [74 85 134 405]
- Voltage supply: 12 DC and 230 V AC
- Dimensions (L x W x H in mm): 420 x 300 x 420
- Weight: 4.3 kg
- Automatic DC/AC (12/230 V) communication for power supply inside the vehicle and mains supply.
- Two zipped pockets, storage net, cable compartment and adjustable shoulder strap.
- Sufficient height for carrying 2-litre bottles. Vents for fresher inside the vehicle and a resistant outer coating.
- Suitable for positioning on the passenger seat of the vehicle and secured with the seat belt.
- EC, TUV/GS compliant, approved according to the current directive applicable to vehicles.

**Refrigerators**
- **Additional refrigerator 26 L** [74 84 533 054]
  - Capacity: 26 L
  - Weight: 16 kg (empty)
  - Dimensions (L x W x H in mm): 600 x 662 x 230
  - Voltage: 12 / 24 DC
  - Temperature: 4°C to 12°C
  - Colour: Black
  - For Renault Trucks T except High Sleeper cab.
  - Additional refrigerator 40L [74 84 533 005]
    - Capacity: 40 L
    - Weight: 20 kg (empty)
    - Dimensions (L x W x H in mm): 657 x 448 x 370
    - Voltage: 12 / 24 DC
    - Temperature: 4°C to 12°C
    - Colour: Black
    - The removable central partition can first be placed in the freezer then used to quickly cool down the refrigerator and help keep it cooler for longer.
    - For Renault Trucks T High Sleeper cab.

**Cooler**
- **Bottle cooler** [74 82 268 305]
  - Storage capacity: 2 x 1.5 L
  - Weight: 4.6 kg (empty)
  - Dimensions (L x W x H in mm): 140 x 276 x 430

### Air Blow Gun
- **Code:** 74 85 134 118
- **Product:** Professional air gun. Pressure: 8.5 bar. 2 m polyurethane red spiral hose. Colours: grey and red.
- **Feature:** Ergonomic gun with good grip. Instant connection and disconnection to the pressure take-off inside the cab. Used for cleaning the cab interior.

### Writing Clipboard
- **Code:** 74 82 224 412
- **Product:** Document holder clipboard. Integral pen holder. Fits onto the steering wheel.
- **Details:** Weight: 310g. Format A4. Colour: Carbon.

### Additional Storage
- **Code:** 74 21 823 562
- **Product:** Document holder.
- **Dimensions:** (L x W x H in mm): 278 x 166 x 315.

### Water Fountain
- **Code:** 50 01 860 231
- **Product:** Water fountain for fitting onto the chassis. Capacity: 25 L.
- **Details:** High-density food-grade polyethylene plastic material. Dimensions: (L x W x H in mm): 600 x 450 x 220.

### Vanity Mirror
- **Code:** 74 82 517 056
- **Product:** Courtesy mirror built into the lower storage unit.
- **Dimensions:** 88 x 136 mm.

### Coat Hook
- **Code:** 74 82 291 102
- **Product:** Colour: Medium grey.

### Wardrobe
- **Code:** 74 82 585 889
- **Product:** Vinyl clothes hanger. Attaches to the upper bunk support bar.
- **Details:** Protects clothing and optimises the organisation of the cab interior space.
- **Dimensions:** (L x W x H in mm): 520 x 130 x 940.
Lunch kit

For two people, comprising: 2 plates, 2 glasses, 2 mugs, 2 cutlery sets (knife, fork, spoon).

Coffee maker

Elegant and compact design, with removable tank, LED operating indicators, automatic switch-off. Very convenient to use. Robust relay technology.

Colour: black/silver Capacity: 8 cups (750 ml).

Power supply: 24 V Average absorbed power: 360 Watts.

Dimensions (L x W x H in mm): 205 x 100 x 320. Weight: 1.8 kg.

Approval rating: E (EMC directive).

Camera (10 m cable)

Kit comprising: camera + 10 m cable + suitable connector.

Camera (20 m cable)

Kit comprising: camera + 20 m cable + suitable connector.

These two cameras are to be ordered with:

- Video switch: 74 22 011 407
- Cable tie: 50 03 085 014
- Fir-tree type fitting: 50 03 085 032
- Harness kit: 74 82 59 131

Reversing camera kit with monitor

Kit contents: RVS750 Colour camera + 7” monitor + cables.

Digital technology. LED backlighting for optimum image quality.

USB port. Operating temperature (°C): -20 °C to +65 °C.

Easylink bracket to simply clip the monitor on and off.

Door sill

Brushed stainless steel adhesive plate.

The door sill improves the vehicle design and finish.

Carbon finish kit

Kit comprising:

- Side trims for doors (x2). Dimensions: 54 x 45 mm,
- Dashboard trim. Dimensions: 565 x 203 mm,

Coffee maker

Elegant and compact design, with removable tank, LED operating indicators, automatic switch-off. Very convenient to use. Robust relay technology.

Colour: black/silver Capacity: 8 cups (750 ml).

Power supply: 24 V Average absorbed power: 360 Watts.

Dimensions (L x W x H in mm): 205 x 100 x 320. Weight: 1.8 kg.

Approval rating: E (EMC directive).

Camera (10 m cable)

Kit comprising: camera + 10 m cable + suitable connector.

Camera (20 m cable)

Kit comprising: camera + 20 m cable + suitable connector.

These two cameras are to be ordered with:

- Video switch: 74 22 011 407
- Cable tie: 50 03 085 014

## ADDITIONAL LIGHTING

**Roof bar**

Roof bar equipped with LEDs for Day cab and Night & Day cab

Ref. 74 22 624 557

Roof bar equipped with LEDs for Sleeper cab and High Sleeper cab

Ref. 74 22 624 532

Kit contents: stainless roof bar, electrical harnesses and two blue LED strips at the ends of the roof bar. “Renault Trucks” blue backlight.

Vehicle customisation. Additional lights to be ordered separately.

Additional white light - Rallye 3003

Ref. 74 85 135 868

Side light with 6 high-performance LEDs producing a bright white light. Precision reflector provides uniform and optimum lighting of the road up to 500 m ahead.

Additional white light - Luminator

Ref. 74 85 135 869

Chromium Celis H1 Luminator high beam headlight with Celis side light. Round side lights with a white appearance obtained by LEDs. 70 W light.

### LED strip

Monochrome front panel kit with blue LED lighting strips

Ref. 74 21 918 119

Blue LED lighting strips for front panel only. Switch-operated.

Complete monochrome kit with blue LED strips (front panel and side fairings)

Ref. 74 21 650 831

Blue LED lighting strips for front panel and side fairings. Switch-operated.

Complete polychrome kit with LED strips (front panel and side fairings)

Ref. 74 21 650 833

LED strips for front panel and side fairings. Infinite choice of colours based on the three primary colours. Colour management via control unit.

## CAB TEMPERATURE CONTROLLERS

**Cab interior temperature controller - SP 990**

For variable temperature control inside the vehicle. Air inside the vehicle is drawn in, cooled and dried through the air inlet grille in the air conditioning unit and returned to the vehicle interior through the ventilation nozzles. Consists of two separately fitted components: the evaporator which is installed on the roof and the condenser, installed on the rear wall of the cab. Only on tractor vehicles.

Ref. 74 22 605 669

### CAB TEMPERATURE CONTROLLERS

**Cab interior temperature controller - RT 880**

For variable temperature control inside the vehicle. Air inside the vehicle is drawn in, cooled and dried by the inlet grille in the air conditioning unit and returned to the vehicle interior through the ventilation nozzles. Installed on the cab roof (the air conditioning unit replaces the sunroof).

Ref. 74 22 605 691

Ref. 74 22 605 690

**Interior temperature controller, cab - RT 880**

For Sleeper cab

Ref. 74 22 605 691

## WHEEL EQUIPMENT

**Wheel rims**

Alloy rims

Aluminium wheel rims are much lighter than standard rims. They offer better road handling, greater comfort and a significant weight saving.

**Rear wheel trim**

Ref. 50 01 830 837
With Renault Trucks, you keep your promises and fully meet customer expectations. In any weather and no matter how complex the road networks, our accessories will help you complete your assignment.
**Driving Aids**

**Additional instrument panel screens**

- **Additional screen for short and long instrument panel, left-hand drive and for short instrument panel, right-hand drive.**
  - Reference: 74 22 244 205
- The additional screen has been designed to support driver activities, such as navigation, fleet management, reversing and side cameras, front-view mirrors, etc. It is located in the middle of the dashboard. It is high-definition colour screen, Touch screen interface. Hardware buttons for easy access to functions (On/Off, source change, brightness, day/night mode, etc). Easy to use (touch screen, intuitive interface). Operation between -40°C and + 85°C. High vibration environment supported by the component. Dust-proof.
  - **Order code:** 74 82 514 292
  - **Frame:** 74 82 514 294
  - **Protection:** 74 82 522 720
  - **Wiring harnesses:** 74 21 676 969

**Additional screen for short and long instrument panel screens**

- **Dimensions:** 8 x 15 x 137 x 137. Weight: 188 g. Anti-reflective, 5" colour touch screen. Lithium-ion battery: Up to 3 hours battery life. Micro SD card port. Europe maps (45 countries) with free lifetime map updates. Free Premium traffic information. PhotoReal™ display of road signs. Powerful loudspeaker and video input for reversing camera. Danger area alerts. Industrial and business area search.
- **Protection:** 74 82 514 294
- **Frame:** 74 82 514 292
- **Wiring harnesses:** 74 21 676 969

**GPS**

**DEZL 560LMT GPS**

- The DEZL 560 LMT GPS is suitable for heavy commercial vehicles:
  - Guidance takes the vehicle profile into consideration.
  - Speed limit adapted to heavy commercial vehicles.
- **Dimensions:** (L x D x H in mm): 82 x 15 x 137. **Weight:** 188 g. Anti-reflective, 5" colour touch screen. Lithium-ion battery: Up to 3 hours battery life. Micro SD card port. Europe maps (45 countries) with free lifetime map updates. Free Premium traffic information. PhotoReal™ display of road signs. Powerful loudspeaker and video input for reversing camera. Danger area alerts. Industrial and business area search.
- **Ref.** 74 85 142 727

**DEZL 560LMT GPS mount**

- **Portable, anti-slip mount, a practical alternative to the windscreen suction mount.**
- **Ref.** 74 85 132 154

**FMI & TRAFFIC 45 connection cable**

- **Communication cable between GPS system (Ref. 74 85 142 727) and the Optifleet management software.**
- **Ref.** 74 85 142 728

**Lane departure warning system**

- Maintains the vehicle’s trajectory by triggering an audible warning when the vehicle crosses the white line if direction indicators are not switched on. The audible warning is emitted through the vehicle’s left or right speaker, depending on the deviation direction.
- A system that is particularly suited to long distances on motorways and national routes when driving is monotonous during the day and at night. Operates only at driving speeds above 60 km/h (deactivated at speeds below 55 km/h). Activated by pressing a button and deactivated by a switch on the dashboard. Information is displayed on the instrument panel.

**Detection sensor**

**TRAK**

- TT: For wheel rim sizes 17.5”, 19.5” and 22.5”
- LTT: Specifically for vehicles fitted with a 17.5” rim
- Suitable for vehicles with wheel rim sizes 17.5” (LTT) and 19.5” & 22.5” (TT)
- Easy and quick installation for everyday use
- Automatic fitting in 3 minutes
- Adjustable tension
- Maximum grip
- Tool-free click-fitting

**SECTOR +**

- Chain segments with double-cross ladder design
- Simple, tool-free installation
- Economical
- Kit contents on request
- Tool-free click-fitting

**ACCESSORIES ROBUSTNESS**
